

GLOBAL COOL FILMS

SUN CONTROL WINDOW FILMS CATALOGUE

Uncompromised Clarity.
Unmatched Protection.

Welcome to Global Cool Films

With a legacy spanning more than nine decades, Global Cool Films has emerged as a trusted name worldwide, built on a foundation of innovation, craftsmanship, and unwavering excellence. Our expertise covers a diverse range of advanced film technologies, including Suncontrol Window Films, Paint Protection Films, and Polyester Films.

PRODUCT DESCRIPTION: Global Cool Sun Control Film is a high-performance window film designed to block excessive heat, reduce glare, and provide UV protection while maintaining visibility. It is an ideal solution for homes, offices, and vehicles, offering energy efficiency, privacy, and comfort. The film is easy to install and comes in various shades and thicknesses to meet different needs.

KEY BENEFITS

HEAT REDUCTION

Blocks a significant amount of solar heat, keeping interiors cooler and reducing the need for air conditioning.

ENERGY EFFICIENCY

Helps lower energy bills by minimizing cooling costs, making it an eco-friendly choice.

GLARE REDUCTION

Minimizes glare from sunlight and reflections, enhancing comfort for work, driving, or relaxing.

UV PROTECTION

Blocks up to 99% of harmful UV rays, preventing skin damage and fading of furniture, carpets, and interiors.

IR PROTECTION

Blocks up to 95% of harmful Infra-Red Radiations, preventing skin damage and fading of furniture, carpets and interiors.

PRIVACY & AESTHETIC APPEAL

Available in tinted, reflective, and frosted options to enhance privacy while improving the look of windows.

SAFETY & SECURITY

Some variants add a protective layer that strengthens glass, reducing the risk of shattering.

EASY INSTALLATION & MAINTENANCE

Simple to apply and clean, with long-lasting durability.

Automotive films

Global Cool Films Automotive Window Films are engineered using a perfect blend of proven technology and next-generation innovation. Designed for long-lasting performance.

Architectural Films

Global Cool Films offers a comprehensive portfolio of architectural film for use in residences and commercial properties. These innovative solutions are sold and professionally installed by our network of expert dealers and engineered to address building glass issues related to safety, heat, and glare. They're also a cost-effective option for creating custom decorative features.

Safety Films

Global Cool Safety and Security films are engineered to strengthen glass surfaces while maintaining a clean, attractive look. These advanced films provide homeowners and businesses with added protection and peace of mind by creating a thin but highly durable barrier on windows and glass doors.
